

## WATERBASED BB CREAM

A fresh and moisturizing water based BB cream, good for daily use.

VIVASTAR® CS 052 Alginate has moisturizing and filming properties, good filming agent for the pigments.

VIVAPUR® CS TEX Easy helps to stabilize the emulsion, in combination with Algin it gives a very nice skin feel.

VIVAPUR® CS Sensory 12 is a sensory and mattifying agent.

Phase	Product Name	INCI	Functions	%
A	Demineralized Water	Aqua	Solvent	75.3
	Glycerin	Glycerin	Humectant	1.0
	Allantoin	Allantoin	Moisturizing Agent	0.5
	<b>VIVASTAR® CS 052 Alginate</b>	<b>Algin</b>	<b>Rheology Modifier and Moisturizer</b>	<b>1.0</b>
